

EPICompliance Sales Deck

EPICOMPLIANCE
PROTECT • ACT • DEFEND

Created by medical professionals,
EPICompliance takes over the
compliance initiative in your office.

Our compliance suite translates
complex regulations into actionable
task lists, training, forms, and more
using our 40+ years of experience
in healthcare compliance.

HIPAA Complete Compliance Suite

A cloud-based software service for:

- HIPAA Privacy
- HIPAA Security
- OSHA
- ACA/OIG - Medicare - Waste, Fraud & Abuse

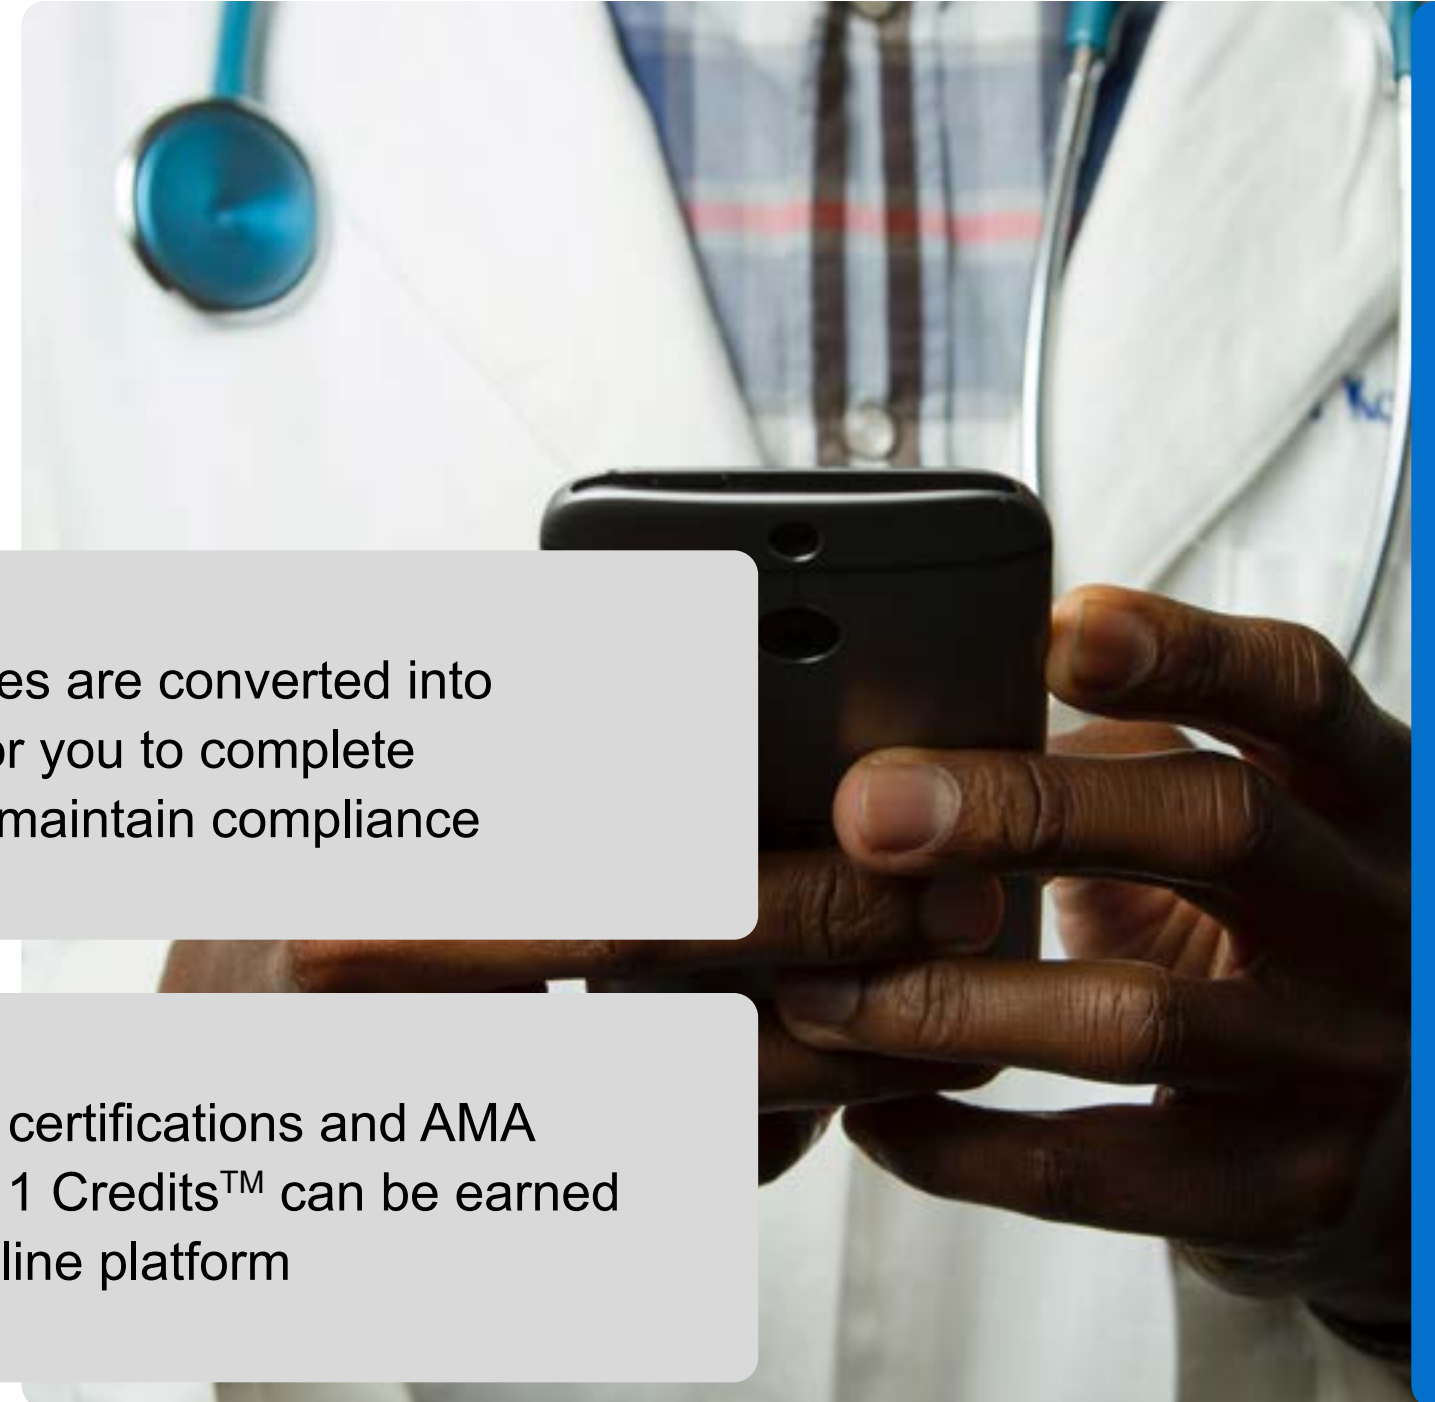

Each module provides:

Policies - a library of policies for you to use that's continuously updated as regulations evolve

Tasks - policies are converted into simple tasks for you to complete periodically to maintain compliance

Forms - for implementing and documenting policies, training, & recognition of policy awareness

Training - all certifications and AMA PRA Category 1 Credits™ can be earned through our online platform

“We had an inspector show up during the busiest time of the day asking to see our hazardous waste disposal policy. In the past, I would have to dig through policy documents and hope the the requested policy had been updated and training performed timely. EPICompliance allowed me to quickly retrieve the information she needed, confident that everything would be in order. The inspector was satisfied and out of my hair with minimal interruption to my day”

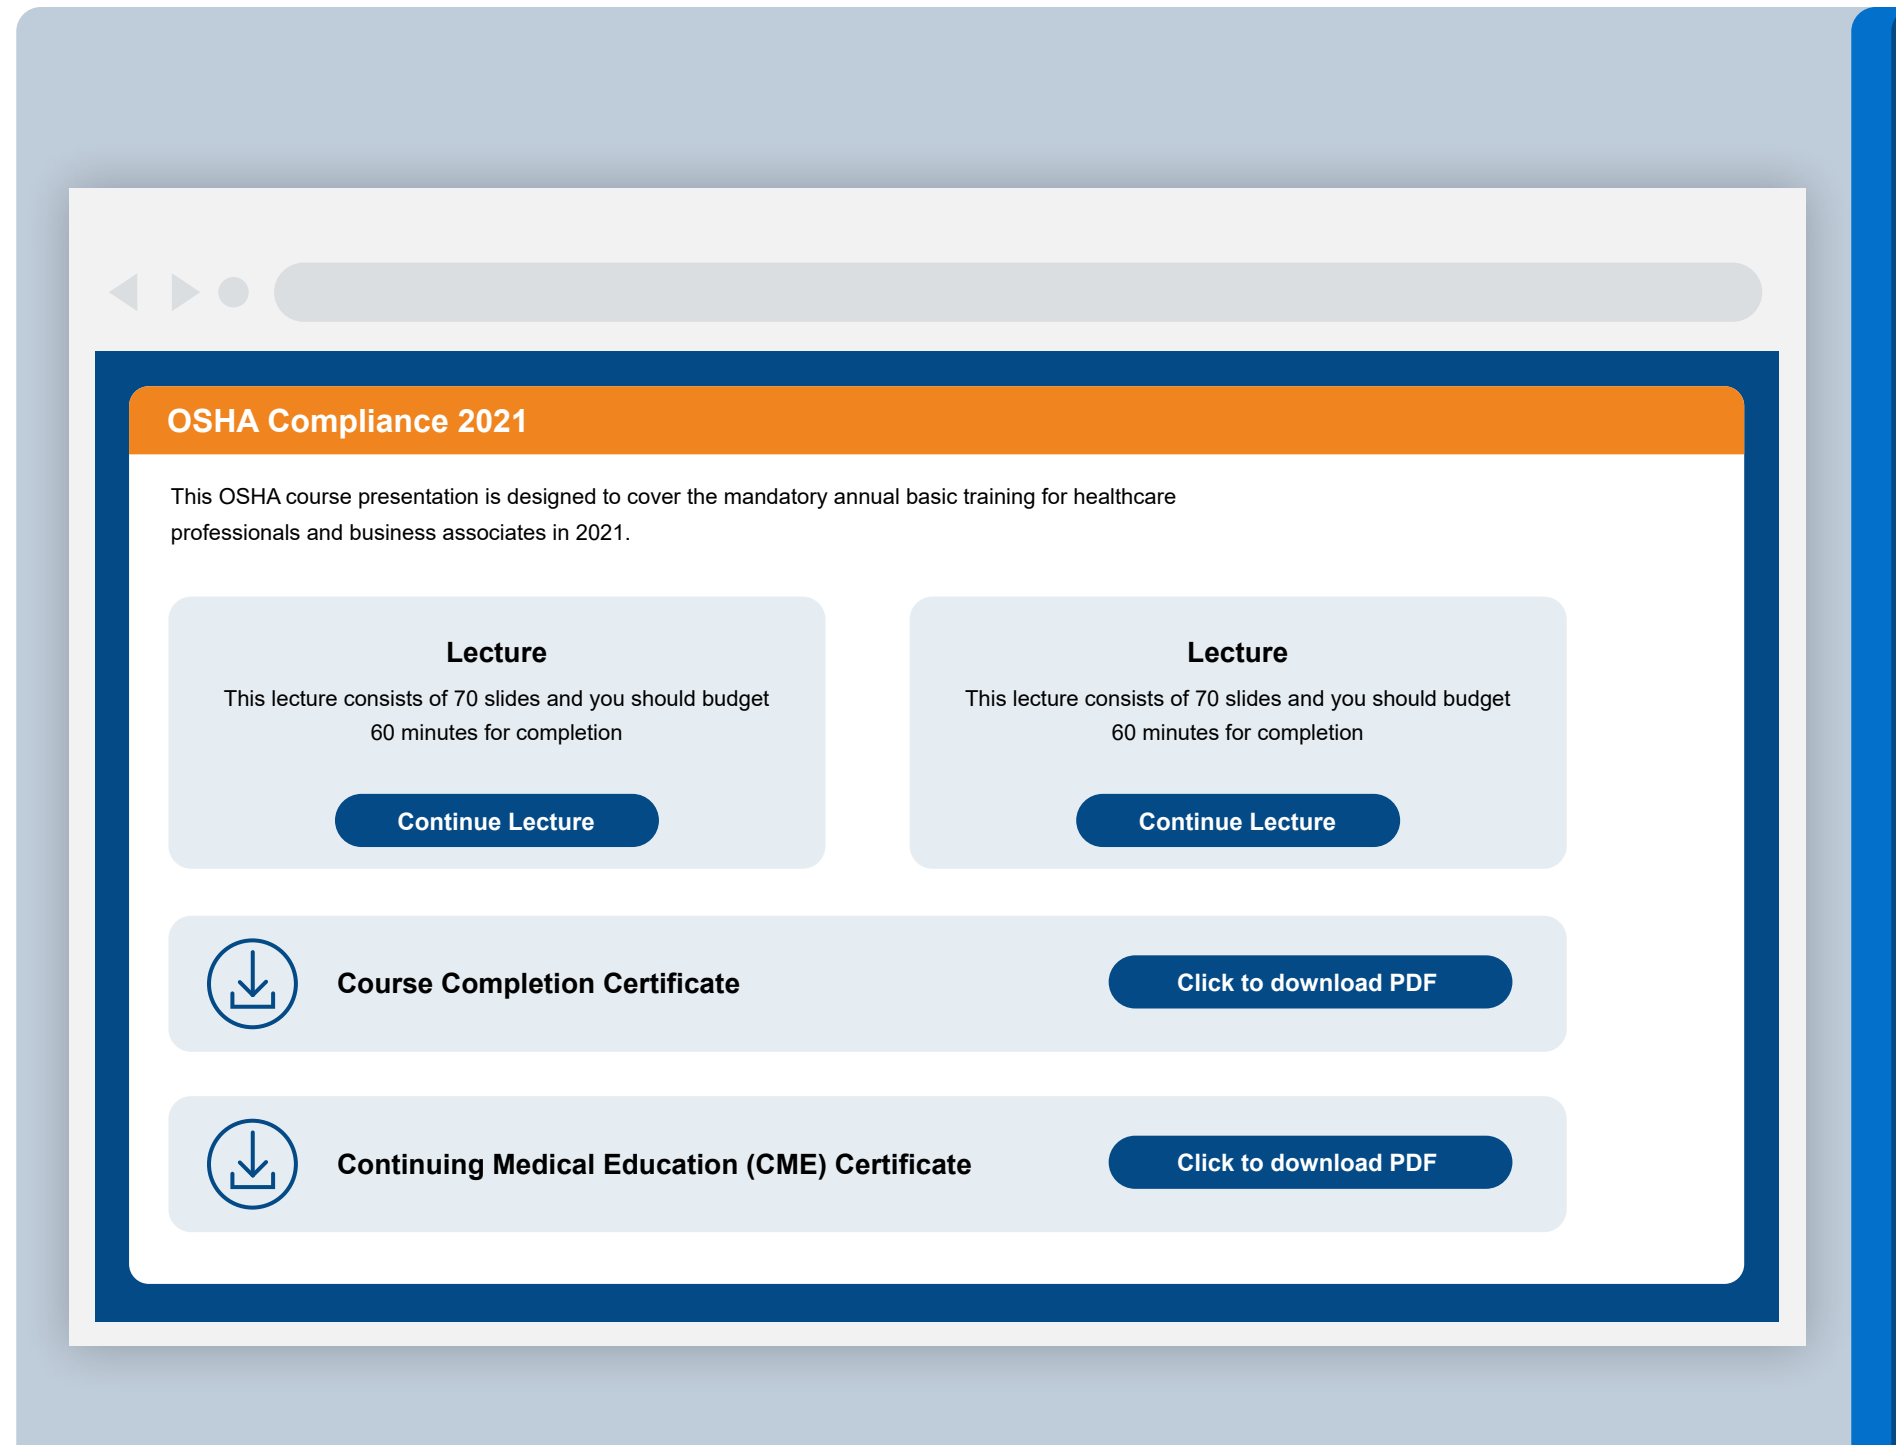

Jim Doughfman

Practice Manager, Pulmonary Associates, St. Augustine, FL

Take courses for HIPAA, OSHA and ACA/OIG Medicare - Waste, Fraud & Abuse.

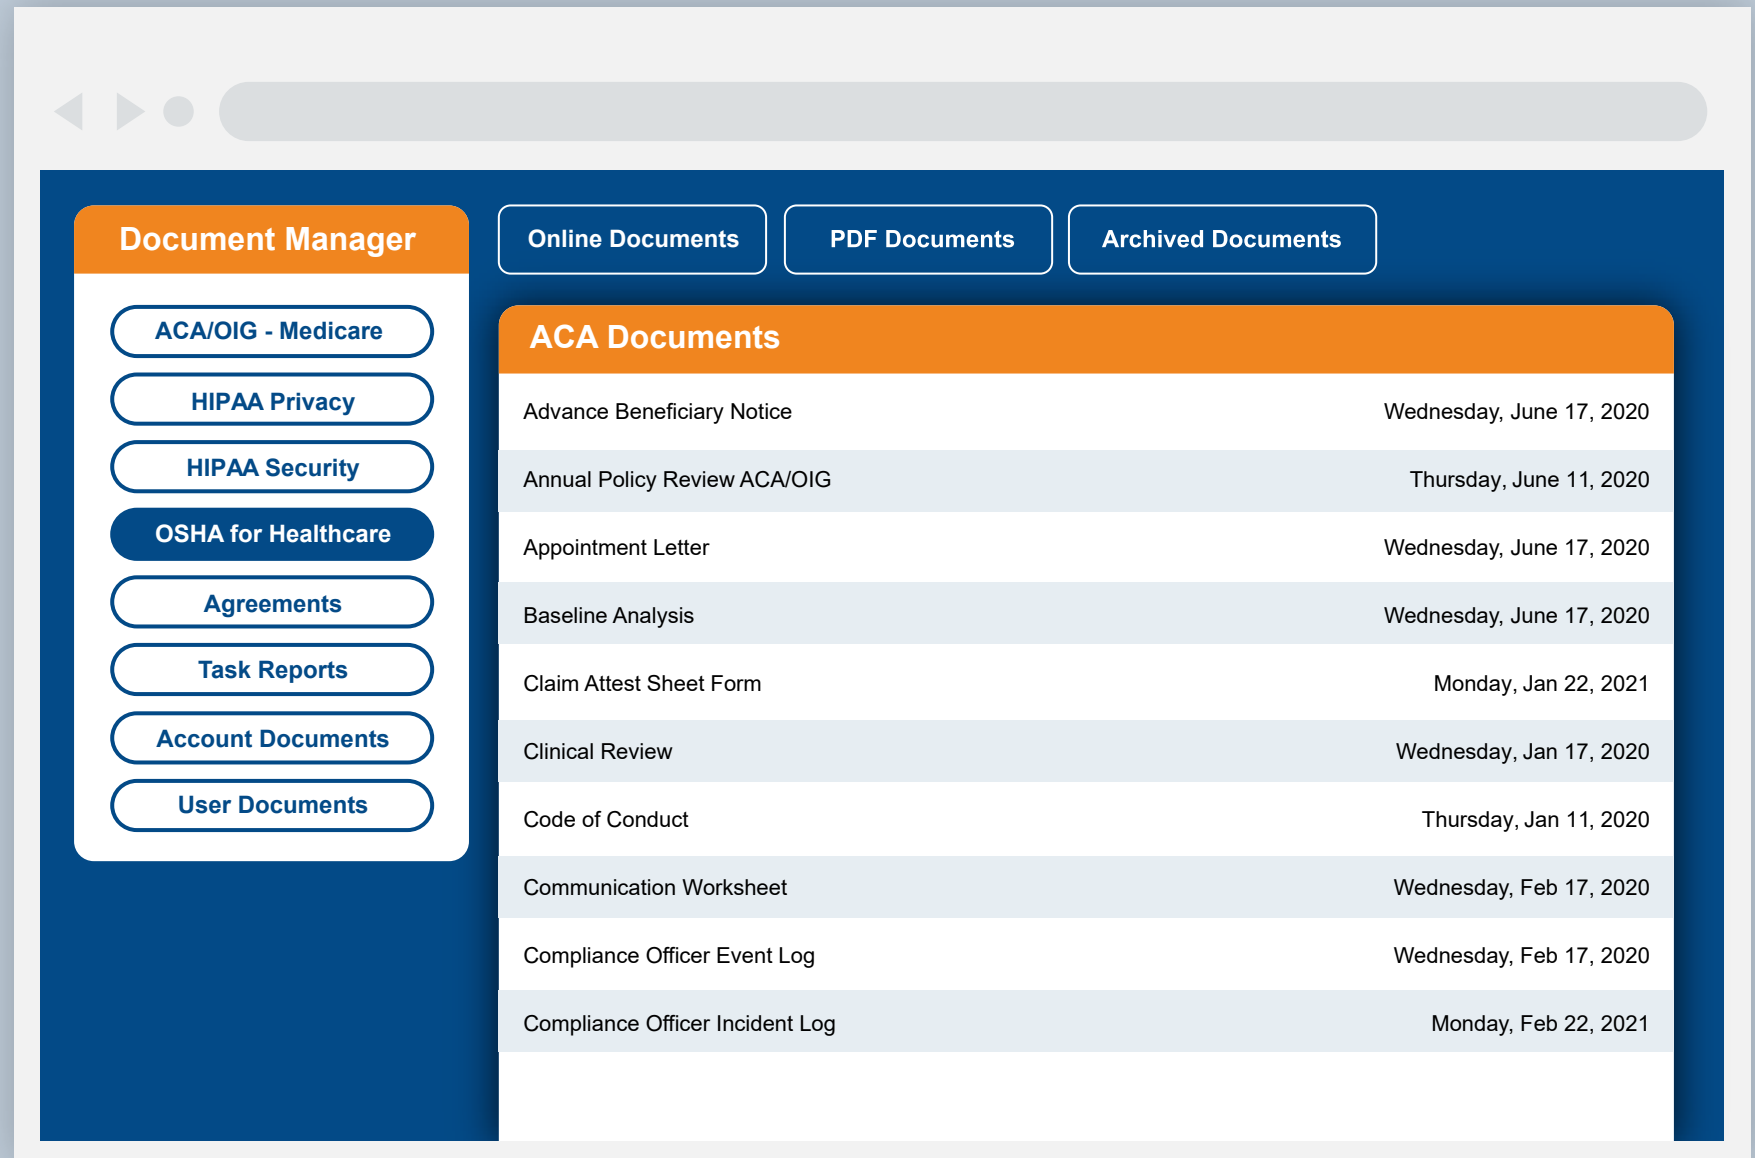

Earn AMA PRA Category 1 Credits™ towards state healthcare license renewals.

The screenshot shows a course page titled "OSHA Compliance 2021". The page content includes:

- An introductory paragraph: "This OSHA course presentation is designed to cover the mandatory annual basic training for healthcare professionals and business associates in 2021."
- Two "Lecture" cards, each stating: "This lecture consists of 70 slides and you should budget 60 minutes for completion" with a "Continue Lecture" button.
- A "Course Completion Certificate" section with a download icon and a "Click to download PDF" button.
- A "Continuing Medical Education (CME) Certificate" section with a download icon and a "Click to download PDF" button.

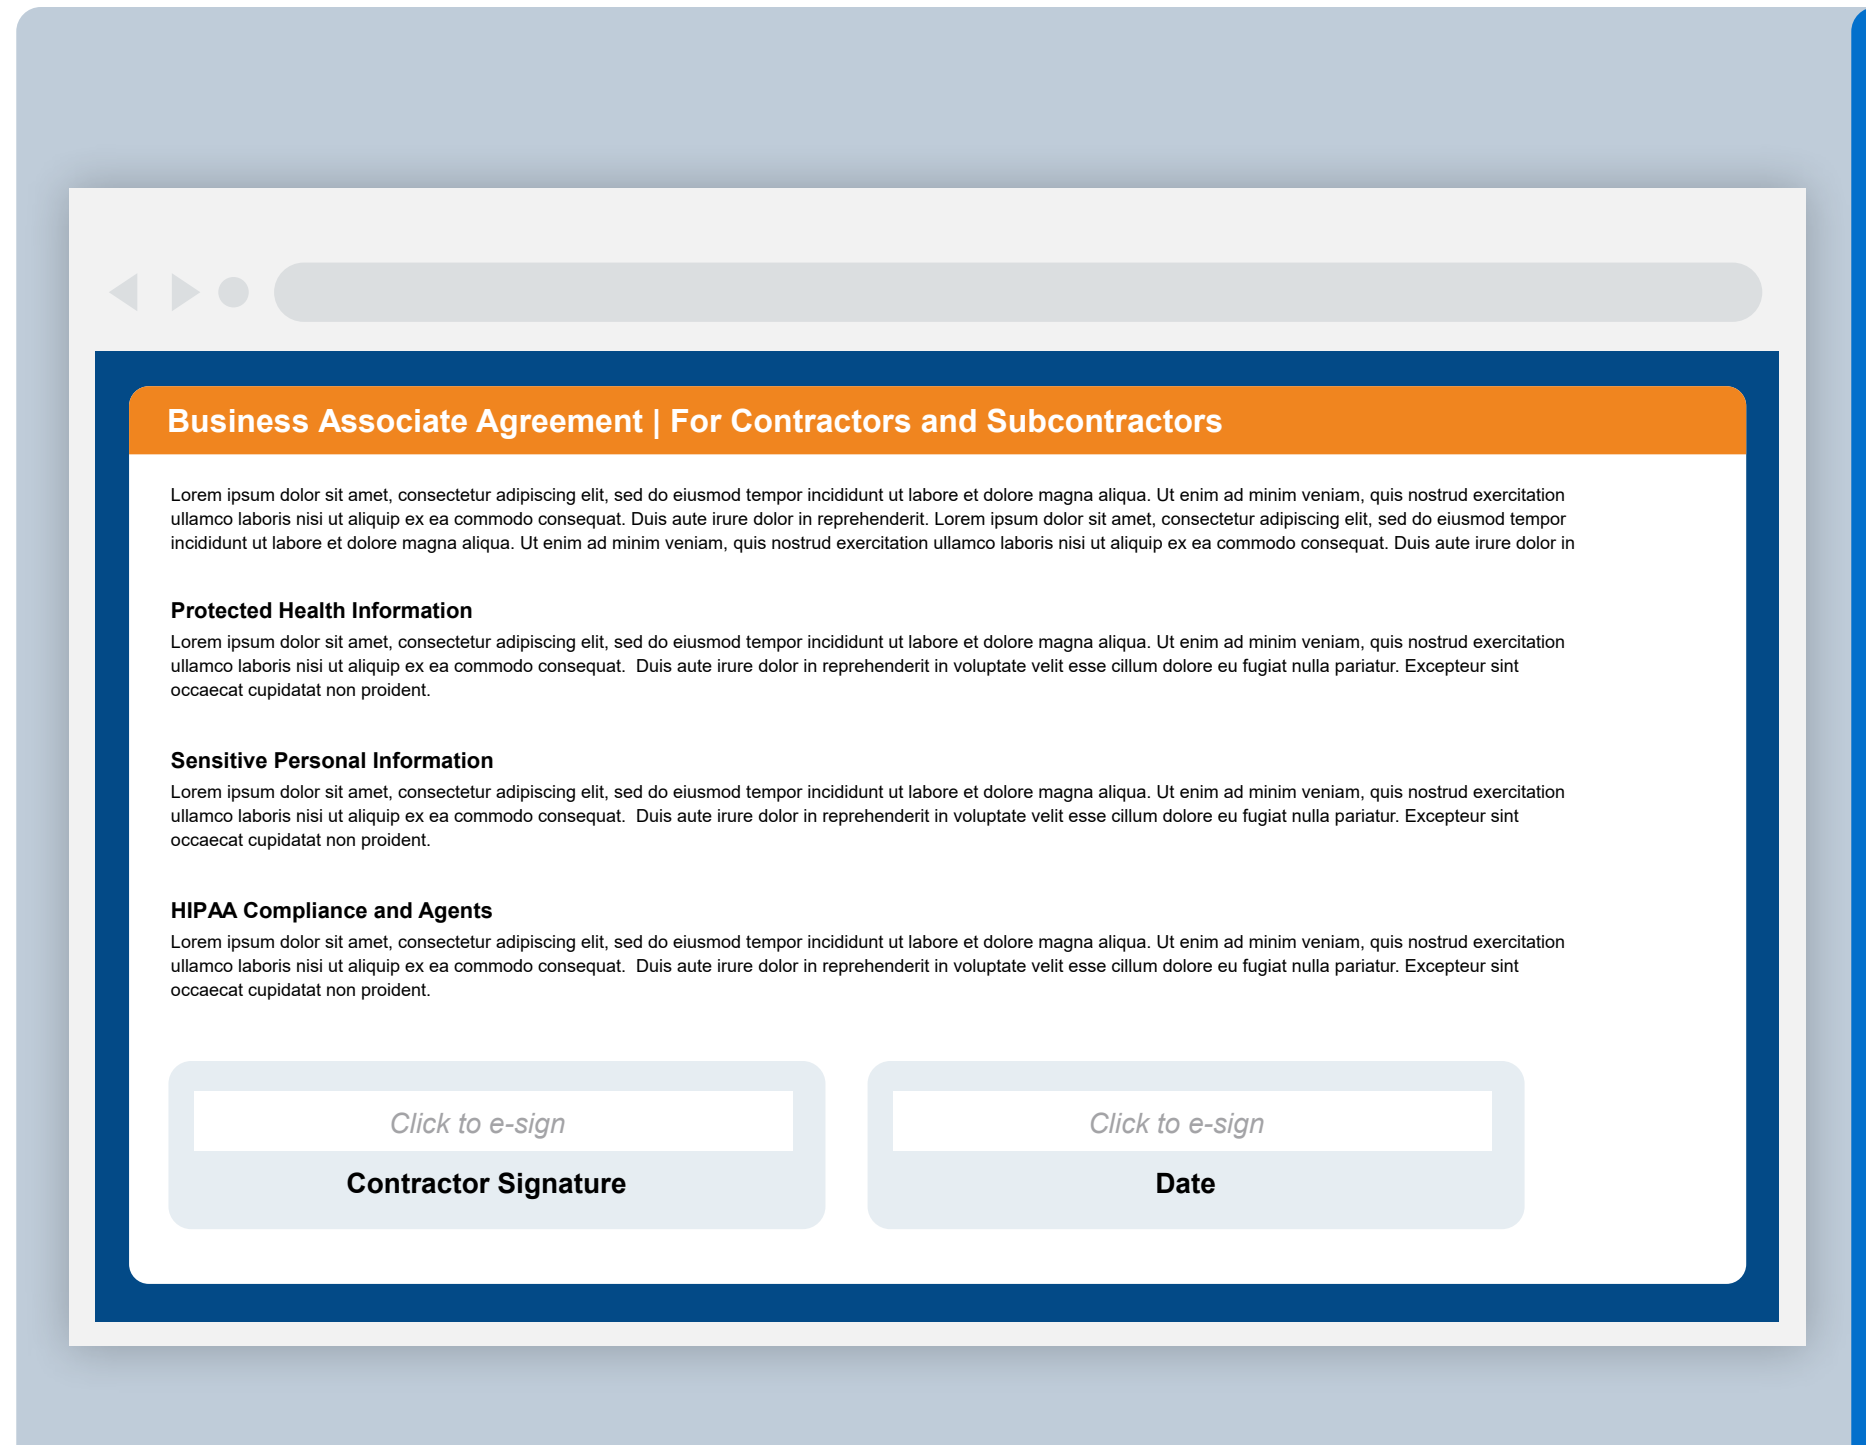

A safe & secure repository for storing documents that prove past and present compliance

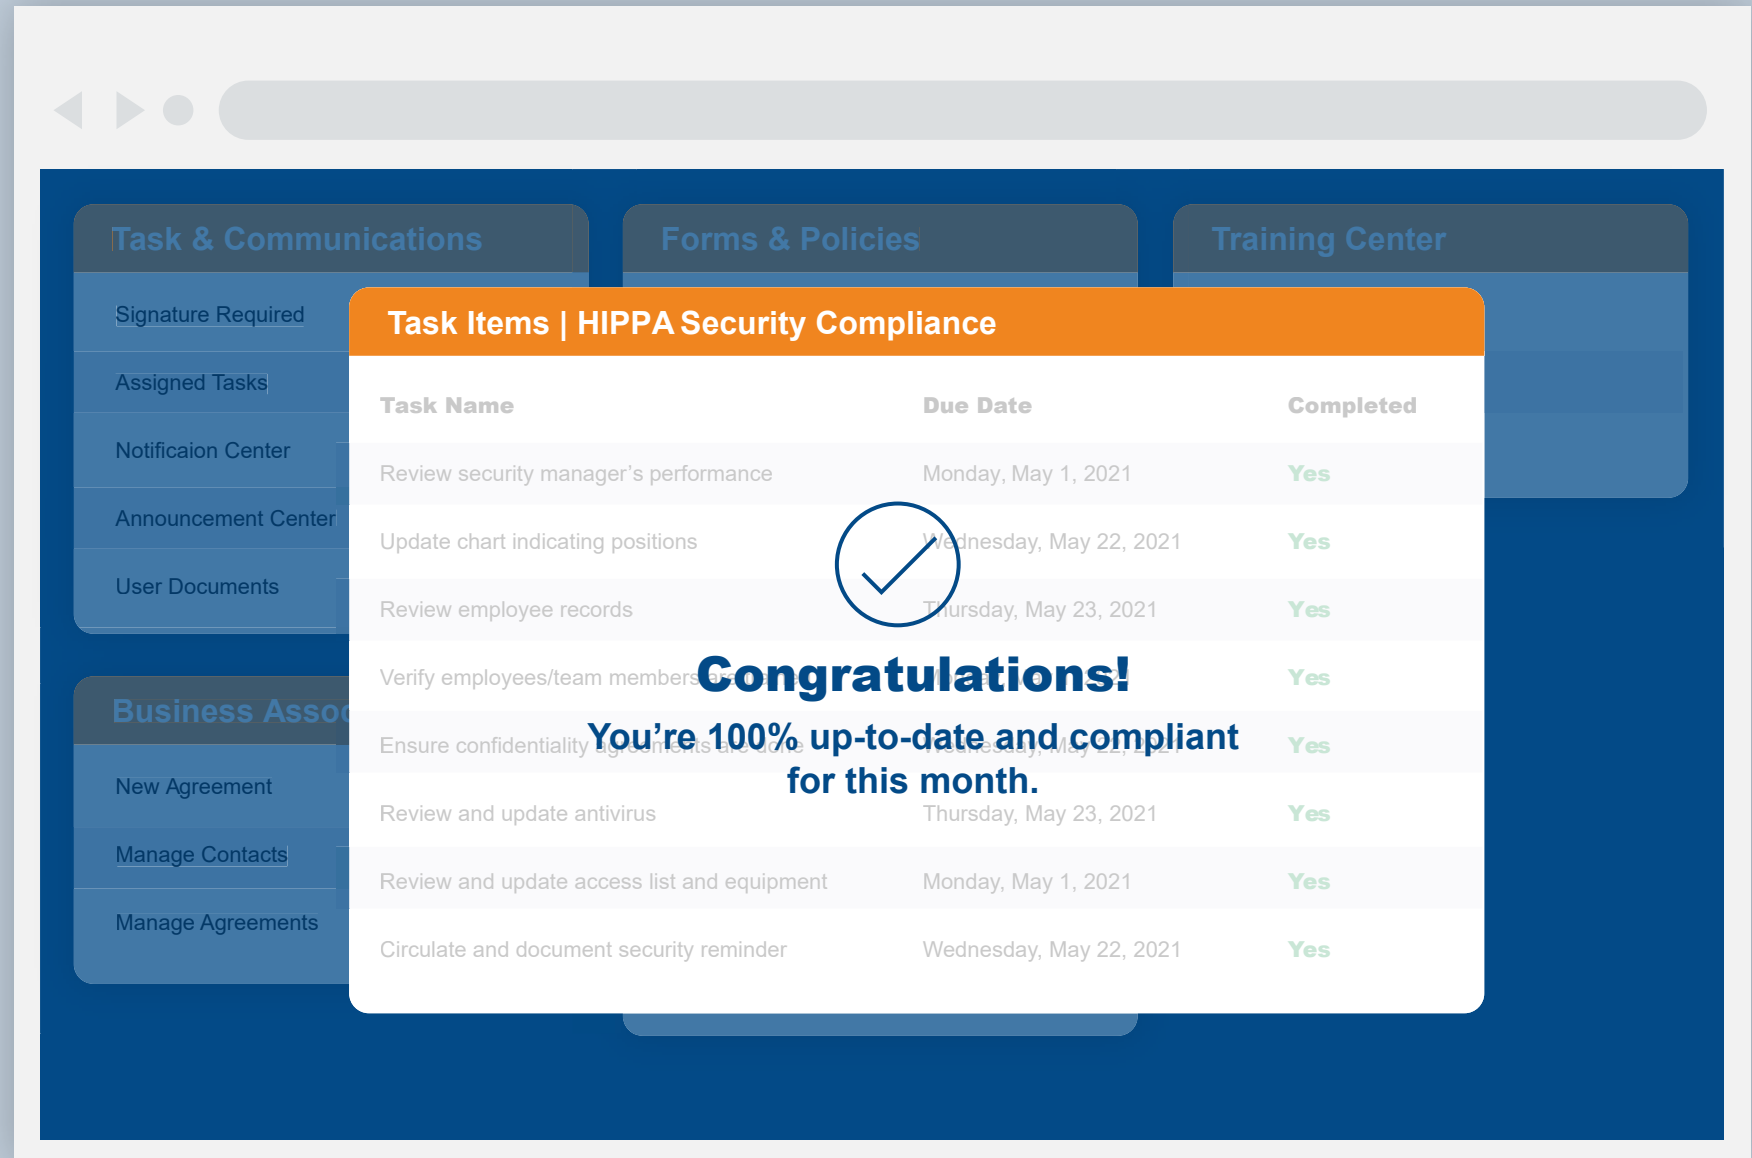

The screenshot shows a web application interface for document management. On the left is a sidebar titled "Document Manager" with a list of categories: ACA/OIG - Medicare, HIPAA Privacy, HIPAA Security, OSHA for Healthcare (highlighted), Agreements, Task Reports, Account Documents, and User Documents. The main content area has three tabs: "Online Documents", "PDF Documents", and "Archived Documents". The "PDF Documents" tab is active, displaying a list of documents under the heading "ACA Documents".
